

SJU COVID Policy

Winter/Spring 2022

Update March 1, 2022

- Building Phases are adjusted based on [King County Public Health Key Indicators](#).
- Gatherings, whether on-time or recurring events, must first be approved by SJU staff. Building Use Applications can be found at www.stjohnunited.org or by contacting the church office directly.
- All gatherings should designate one or more persons to:
 - ◆ monitor COVID protocols such as masking, checking vax status, and maintaining room capacities;
 - ◆ and complete and submit a *Gathering Checklist*. The paper checklist can be in the pockets on our bulletin boards and dropped into the mail slot of the church office door.
- At gatherings where a majority of persons present are not fully vaccinated, such as childcare settings, masking should be utilized.
- During all phases:
 - ◆ In cases where masking is optional, wearing a mask at any time is still appropriate and acceptable.
 - ◆ Individuals who are experiencing symptoms or have recently been exposed to COVID should follow public health guidance regarding self isolation and testing.
 - ◆ Visitors are encouraged to sign in using the Building Visitor Log, for the purpose of contact tracing.
